

# What our Mission Statement means for our children

This is my school where I will learn to be like Jesus.

I will always behave well, be kind to everyone and treat others as I want them to treat me.

I will do all I can to make this school a friendly, bright, lively, happy and safe place.

I will be treated fairly and I will listen carefully and be listened to.

Teachers will set me work that I can do and help me when I am stuck.

I will set myself challenges and always work hard and do my best.

I will learn about interesting and exciting things.

I will do a lot of practical work, and carry out investigations. Sometimes I will learn through play.

I will be taken on visits and visitors will come into school to help me learn.

I will spend time learning how to read, write, spell, speak and do mathematics.

I will learn about important and famous people.

I will find out about the different places in the world.

I will have lots of time to paint and draw and to read and write poetry.

I will have time to listen to stories, to dance, to sing, to play musical instruments and to perform.

I will be given important things to do and I will be rewarded when I do good things.

My parents/guardians will help me and they will talk to my teachers.
