Pupil Welfare Risk Assessment Policy

Introduction

The aim of this policy is to set out a systematic approach for suitable and sufficient risk assessment throughout Our Lady's Bishop Eton Catholic primary School, ensuring the welfare of pupils at the school is safeguarded and promoted at all times and appropriate actions taken to reduce risks and potential risks that are identified.

Further aims include;

- to reduce the likelihood that pupils are harmed through negligence, lack of foresight or proper planning by setting out the school's active approach to managing risk.
- to implement a framework for the identification and assessment of risk(s) to pupil wellbeing.
- to promote a culture of safety, equality, and protection.
- to actively safeguard and promote the welfare and well-being of pupils of the school.

This policy has been prepared to meet the school's responsibilities under:

- Statutory framework for the Early Years Foundation Stage
- Education and Skills Act 2008
- Childcare Act 2006
- Equality Act 2010
- Health and Safety at Work etc. Act 1974
- Data Protection Act 2018 and General Data Protection Regulation (GDPR)
- Regulatory Reform (Fire Safety) Order 2005.

This policy has regard to the following guidance and advice:

- Keeping Children safe in Education (September 2023) ('KCSIE)
- Working together to safeguard children (HM Government, July 2018, updated December 2020)
- Revised Prevent duty guidance for England and Wales (HM Government, April 2021)
- Prevent duty: departmental advice for schools and childcare providers (DfE, August 2015)
- Pupil Welfare Risk Assessment Policy, March 2022
- Preventing and tackling bullying: advice for headteachers, staff and governing bodies (DfE, July 2017)
- Information sharing: advice for practitioners providing safeguarding services to children, young people, parents, and carers (DfE, July 2018).
- Sexual violence and sexual harassment between children in schools and colleges (DfE, September 2021).
- Gender questioning children. Non statutory guidance (DfE December 2023)
- Online safety updates from School Improvement Liverpool (SiL)

Responsibilities

The Governors have overall responsibility for safeguarding and promoting pupil welfare and well-being at the school.

At an operational level, the Head teacher will:

- ensure that the health, safety, and wellbeing of pupils is suitably promoted.

- ensure that all staff are aware of, and adhere to, the school's policies and procedures on pupil health, safety, and welfare.
- ensure that key staff have clearly established roles and responsibilities.
- ensure that staff are appropriately trained to identify and deal with pupil welfare issues.
- ensure that where concerns about a pupil's welfare are identified, the risks are appropriately managed and recorded
- consult with staff, pupils, parents, and others, where appropriate, to find practical solutions to welfare issues.
- ensure that standards of pupil welfare at the school are regularly monitored both at an individual level and across the whole school community to identify trends and issues of concern and to improve systems to manage these.
- Monitor the implementation of this policy, as well as any action taken in response to a risk assessment and evaluate effectiveness.

The Designated Safeguarding Lead(s) have overall responsibility for:

- implementation of policy
- Safeguarding and child protection policy and procedures (including missing pupil policies)
- Anti-bullying Policy

Pupil welfare

The school recognises its responsibility to safeguard and promote the welfare of pupils in its care. This responsibility encompasses the following principles:

- to support pupils' physical and mental health and emotional wellbeing (as well as their social and economic well-being).
- to identify children who may require early help, those in need and / or those suffering, or likely to suffer, significant harm.
- to protect pupils from abuse, violence, sexual violence, harassment and exploitation and neglect; as defined by section 17 and / or section 47 of the Children Act 1989
- to provide pupils with appropriate education, training, and recreation, including PSHE and relationships and sex education
- to encourage pupils to contribute to society.
- to protect pupils from the risk of honour-based violence, FGM, radicalisation, extremism and being drawn into terrorism, modern slavery, and human trafficking by actively promoting fundamental British values and providing appropriate support to those assessed as being vulnerable.
- to ensure that pupils are provided with a safe and healthy environment so far as reasonably practicable.
- to promote a whole-school approach to online safety and to protect pupils from the risks arising from the use of technology.
- to listen to pupils' complaints and concerns and to manage welfare concerns effectively.

The school recognises that individual pupils may have needs which arise from physical, medical, sensory, learning, emotional or behavioural difficulties which require provision additional to or different from that generally required by children of the same age in mainstream schools. The school is committed to promoting and safeguarding the welfare of all its pupils having regard to the special requirements of individual pupils but, where appropriate or necessary, balancing the special requirements of individual pupils against the school's responsibilities to promote and safeguard the welfare of all its pupils. In addition, when carrying out its assessments, the school will endeavour to consider all relevant factors including, where appropriate:

- a pupil's wishes and feelings, wherever possible
- their family circumstances.
- the wider community context in which they are living.
- wider environmental and/or other extra-familial threats and/or new and emerging threats e.g., online threats.

Prevention

The school addresses its commitment to these principles through ensuring that all reasonable measures are taken to minimise the risk of harm to pupils and their welfare by:

- ensuring through training that all staff are aware of and committed to this policy and the values set out.
- establishing a positive, supportive, and secure environment in which pupils can learn and develop.
- including in the curriculum, activities and opportunities for PSHE and relationships and sex education which equip pupils with skills to enable them to protect their own welfare and that of others;
- providing appropriate medical and pastoral support that is accessible and available to all pupils.
- providing pupils with the confidence and a mechanism to raise any problems, concerns or complaints they may have.
- providing support as soon as a problem emerges at any point in a child's life and taking appropriate action in accordance with the Liverpool Safeguarding Children Partnership Board

The school will be alert to the potential need for early help for a child who:

- is disabled and has specific additional needs.
- has special educational needs (whether or not they have a statutory education, health and care plan
- is a young carer.
- is showing signs of being drawn into anti-social or criminal behaviour, including gang involvement and association with organised crime groups.
- is frequently missing / goes missing from care or from home.
- is at risk of modern slavery, trafficking, or exploitation.
- is at risk of being radicalised or exploited.
- is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse.
- is misusing drugs or alcohol themselves or has mental health issues
- is looked after or has returned home to their family from care.
- is a privately fostered child.
- Is questioning their gender

Protection

Ensuring all appropriate actions are taken to address concerns about the welfare of a pupil, whether of a safeguarding nature or otherwise. This includes:

- proactively sharing information in order to promote the welfare and protect the safety of pupils with
- appropriate agencies and involving pupils and their parents appropriately.

- monitoring pupils known or thought to be at risk of harm or requiring additional support and
- formulating and / or contributing to support packages for those pupils.
- maintaining an attitude of "it could happen here".

The school recognises that pupil welfare and well-being can be adversely affected by many matters whether in or away from school, including abuse, bullying, violence and harassment, radicalisation, behavioural and health issues (both mental and physical).

Welfare Risk Assessment

Where a concern about a pupil's welfare is identified, the risks to that pupil's welfare will be assessed and appropriate action will be taken to reduce the risks identified. The assessment and action will be recorded and regularly monitored and reviewed. The format of risk assessment may vary and may be included as part of the school's overall response to a welfare issue, including the use of individual pupil welfare plans (such as behaviour monitoring, healthcare

and education plans, as appropriate) or by using the attached risk assessment form.

Regardless of the form used, the school's approach to promoting pupil welfare will be systematic and pupil focused.

The information obtained through this process and the action agreed will be shared, as appropriate, with other staff, parents and third parties in order to safeguard and promote the welfare of a particular pupil or of pupils generally.

Risk assessments are stored securely, and only key staff will have access e.g. Designated Safeguarding Lead.

Safeguarding and Child Protection

The school has policies and processes in place that reflect national safeguarding requirements and the Liverpool Safeguarding Children Partnership Board's procedures and practices, including local protocols for assessment and threshold document. The school's policies and processes seek to ensure that all members of the School community understand that safeguarding is everyone's responsibility. They have been designed to enable staff and others working with children to be confident about identifying, supporting and, where necessary making reports to the appropriate persons including the Designated Safeguarding Lead (DSL) and/or external authorities, in respect of any child who may need help or protection including:

- where a child is in immediate danger or is at risk of harm.
- where a child is in need (that is, a child who is unlikely to achieve or maintain a reasonable level of health or development, or whose health or development is likely to be significantly or further impaired, without the provision of services; or a child who is disabled).
- any child who may require an early help assessment.
- any child where there are concerns regarding female genital mutilation (FGM)
- any child where there are concerns about sexual violence and/or sexual harassment.
- any concern about another staff member who may pose a risk of harm to children.

The school's policies and processes describe and reinforce how the school works with social care, the local authority designated officer, the police, health services and other services to promote the welfare of children and protect them from harm. This includes:

- providing a co-ordinated offer of early help when additional needs of children are identified.
- contributing to inter-agency plans to provide additional support to children subject to child protection plans.

- allowing access for relevant local authority personnel to conduct, or to consider whether to conduct, assessments and child protection investigations under the Children Act 1989.
- making it clear that safeguarding is everyone's concern and ensuring that staff trained as to when they must make a report themselves to the external services (such as in the case of FGM) and when they should use the school's internal processes and procedures.
- making it clear that staff must follow up with the DSL and/or relevant external services in the event that they remain concerned about a child or if they are not satisfied with the response and escalate their complaint accordingly.

Full details of the school's safeguarding procedures are set out in the Safeguarding and Child Protection Policy.

Protection from radicalisation and extremism

Details of the School's procedures to prevent pupils from becoming radicalised and/or being drawn into extremism and/or terrorism are contained within the Safeguarding and Child Protection Policy.

The school will meet these obligations by assessing the risk of pupils being drawn into radicalisation and/or extremism and/or terrorism and putting in place control measures to support those at risk.

The school is committed to providing a safe space in which pupils can consider and discuss sensitive topics, including terrorism and the extremist ideas that are part of terrorist ideology, and learn how to challenge these ideas.

Visitors and Visiting Speakers

The School's Visitors Policy ensure that the arrangements for visiting speakers are suitably risk assessed before the visit takes place. Clear protocols are in place to ensure that those visiting speakers are suitable and are appropriately supervised when on School premises.

Anti-bullying

The school is committed to preventing bullying and has a written anti-bullying policy which covers the school's approach to the management of bullying and cyberbullying.

Bullying can happen to all pupils and the school is alert to the effect any form of bullying including prejudice based bullying can have. Appropriate support is provided to all those involved in any incident of bullying, taking into account the individual circumstances and level of need.

The school understands that a range of factors may result in some pupils being more vulnerable to bullying and its impact than others. These factors will be taken into account when assessing the risks to the welfare of such pupils and appropriate support measures put in place. Low level disruption and harmful behaviour (including low level sexualised behaviour) is tackled at an early stage to prevent negative behaviours escalating.

Behaviour Management

The school has a written Behaviour Management Policy which sets out how it promotes good behaviour amongst pupils and the sanctions to be adopted in the event of pupil misbehaviour.

Health and safety

The school has a duty to ensure the health and safety of pupils and others affected by the school's operations, so far as is reasonably practicable.

The school will meet this requirement by taking a sensible, proportionate and holistic approach to management of health and safety issues in accordance with the school's obligations and its health

and safety policies. This will include premises safety and security issues posed by public rights of way and access by visitors and/or third parties, and the safety and use of equipment.

Special Educational Needs

The school will make appropriate arrangements to identify and support all pupils with special educational needs, whether or not they have the benefit of a Statement of Special Educational Needs, or an Education, Health and Care Plan as set out in the learning difficulties policy.

Medical issues

The school has a duty to make appropriate arrangements for First Aid. To ensure that it is administered to anyone who requires it in a timely and competent manner including:

- the administration of medication to pupils.
- supporting pupils with medical conditions (including mental health conditions).

This will include regular first aid training for designated staff. Details of the School's arrangements for these are set out in the First Aid Policy.

Reporting and information-sharing

When assessing risks to pupil welfare and well-being at the school, all staff should also consider whether the matter should be reported to outside agencies and /or regulatory bodies, including but not restricted to, Children's Social Care, the police (including, in relation to those identified as being at risk of radicalisation, the Lead Prevent Officer (Merseyside Police)), CAMHS etc.

The procedures for reporting safeguarding concerns are set out in the school's Safeguarding and Child

The school understands that information sharing is essential for effective safeguarding and promoting the welfare of children and young people. Fears about sharing information will not stand in the way of the need to promote the welfare, and protect the safety, of pupils, which is always the school's paramount concern.

The school will cooperate with Children's Social Care, and where appropriate the police, to ensure that all relevant information is shared for the purposes of early help assessments, and assessments and child protection investigations under the Children Act 1989.

The school shall inform the applicable local authority in the appropriate circumstances of any pupil who is going to be added to or deleted from the school's admission register.

Training

The school ensures that regular guidance and training is arranged on induction and at regular intervals thereafter so that staff and volunteers understand what is expected of them by this policy and have the necessary knowledge and skills to carry out their roles.

The level and frequency of training depends on role of the individual member of staff and the need for them to complete risk assessments as part of their role. The school maintains written records of all staff training.

Record keeping

The school will retain records of the significant findings of the relevant risk assessments, together with, where necessary, evidence of the action taken to implement the findings of the risk assessments and to reduce the risks identified. All records created in accordance with this policy are managed in accordance with the school's records management policy and records retention schedule. The records created in accordance with this policy may contain personal data. The

school has privacy notices which explain how the school will use personal data about pupils and parents. The privacy notices are published on the school's website. In addition, staff must ensure that they follow the school's data protection policies and procedures when handling personal data created in connection with this policy. This includes the School's Data Protection Policy for staff, governors and volunteers and information security and sharing data guidance which are both contained in the data protection and information security handbook.

Monitoring and review

Relevant risk assessments and any action taken in response to risk assessments will be monitored regularly by senior staff member with support from the appropriate staff who have been involved. As part of the review, they will seek to identify trends and understand issues of concern and to take steps to improve systems to manage these, as necessary. This policy and related school procedures will be reviewed annually by the Board of Governors as part of the annual review of safeguarding and updated, as necessary.

Appendix 1: Guidance on risk assessment

A pupil welfare risk assessment is a careful examination of what could cause harm to pupil welfare and a consideration of appropriate control measures, so that you can weigh up whether the school has taken adequate precautions or should take additional steps to prevent the risk of harm. The risk assessment process is not intended to create huge amounts of paperwork, and neither should it be viewed as purely a tick box exercise. Its purpose is to identify sensible measures to control real risks - those that are most likely to occur and /or will cause the most harm if they do. When thinking about your risk assessment in this context, remember:

- a welfare issue is anything that may harm a pupil; to include sexual violence, sexual harassment, cyber-bullying, abuse and the risk of radicalisation and extremism.
- the risk is the chance that a pupil could be harmed, together with an indication of how serious the harm could be if it occurs.

Step 1: Identify the issue. First you need to work out how pupils could be harmed. This will generally be set out in the concern raised about a pupil's welfare.

Step 2: Decide who might be harmed and how Identify individual pupils or groups of pupils who might be harmed and how they might be harmed by the concern raised.

Step 3: Evaluate the risks and decide on precautions Decide what to do about the risks. Compare what you currently do with what is required by law, DfE guidance or is accepted good practice. If there is a difference, list what needs to be done to protect the pupil's welfare. Where appropriate consider any special requirements or protected characteristics. Identify how information should be shared and follow any procedures regarding the internal authorisation of suggested precautions.

Step 4: Record your findings and implement them. Make a written record of your significant findings – the concern, the issues, how pupil(s) might be harmed and what arrangements the school has in place to control those risks. There is no prescribed format for this record, but any record produced should be simple and focussed on control measures and the steps the school proposes to take to manage the risk.

Step 5: Relevant consultation Meet with the pupil, the pupil's parent(s) or carer(s) or third party e.g. professional involved with the pupil to discuss the risks and wishes and feelings of the pupil if appropriate.

Step 6: Review your risk assessment and update, if necessary. Assessment should be a dynamic process which analyses and responds to the changing nature and level of need and/or risk. You should review what you are doing for the pupils identified and across the school generally and monitor and review the efficacy and / or the outcome of the measures you have put in place on a regular basis, or as required.
